

NATIONAL TROPICAL BOTANICAL GARDEN

Garden Tours

A tour of any of NTBG's five stunning gardens is an experience that will long be remembered. We recommend you visit all of our gardens — each garden has a unique combination of plant collections, climate and topography, natural and man-made features, and culture and history. All are beautiful and fascinating in their own right.

Most of our gardens offer self-guided tours; some gardens offer guided tours, specialty tours, and group tours. Tours of NTBG's preserves are not available. tours.ntbg.org
