National Tropical Botanical Garden
Nursery Manager – McBryde Garden

JOB POSTING

The National Tropical Botanical Garden has an immediate Full Time opening for a Nursery Manager. This position will be based at the Horticulture Center in Lawai Valley.

The Nursery Manager will be responsible for propagation of all plant material, weed and pest control, nursery stock and supply inventory, as well as maintenance of some horticulture center functions and the management of the nursery irrigation system.

This position requires computer proficiency for accurate data recording. Management and safety of nursery staff, volunteers and interns is an integral part of the Nursery Manager’s role. Must have excellent interpersonal and communication skills and be able to work with a variety of audiences.

Must be able to work outdoors all day in variable weather conditions at tasks demanding walking, fine motor skills, machinery operation, and lifting heavy objects up to 50 pounds (more w/ assistance). Must be able to stand for long periods of time, crouch, squat, stretch and work with hands on a variety of tasks. Will be occasionally exposed to pesticides, herbicides, and other horticultural chemicals. Will be expected to work a flexible schedule in order to utilize weekends and other times as business needs require.

Requirements include:

- Minimum bachelor’s degree in Horticulture or a related field. Relevant work experience may be used to substitute for education.
- Knowledge of native plants and native plant propagation a plus.
- State certified pesticide applicator license preferred and will be required of successful candidate within 6 months of hire.

Deadline to submit: Open until filled
